

FUNGEX 灰甲修復液

- 經科學驗證，有效對抗 / 治療指甲真菌
- 防止感染擴散，並有助於防止再次感染

建議：即使您曾經使用過此醫療物品，在使用 FungeX 灰甲修復液前，也請仔細閱讀說明書，以獲得良好的效果。請保留說明書 - 您可能需要在治療期間作參考。

用途：FungeX 灰甲修復液是一種有助於治療灰甲（甲癬）的醫療物品。FungeX 灰甲修復液已被證實可有效對抗灰甲感染。液體在指甲上形成一層保護膜，營造不利真菌生長的環境，並作為物理屏障，防止黴菌擴散。為了獲得更快、更好的效果，建議每週仔細銼平灰甲一次。如果停止治療，灰甲會更快復發。因此，繼續使用 FUNGEX 灰甲修復液直到真菌指甲消失是非常重要的。

由於潮濕環境是導致灰甲感染的原因之一，因此強烈建議穿著吸水材質的襪子，例如棉質或羊毛襪。這一點很重要，因為黴菌通常生存於潮濕的環境中，容易繁殖。如果您患有灰甲，務必保持雙腳乾燥。

用量及用法(只限成人)：FungeX 灰甲修復液僅供外用。將本產品塗抹於患處兩次（例如早晚各一次），直到灰甲完全長出。可防止其他指甲感染 / 再次感染，並防止黴菌復發。FungeX 灰甲修復液可與口服抗真菌藥物搭配使用。

作用機制：由於獨特的成分組合，FungeX 灰甲修復液可在指甲板中形成一層保護膜，營造不利於真菌生長的環境。它還能形成一道物理屏障，抑制黴菌的傳播。FungeX 灰甲修復液還能降低指甲的酸度，營造不利環境，阻止真菌生長和傳播。

懷孕期和 / 或哺乳期使用：目前尚無關於懷孕期或哺乳期使用 FungeX 灰甲修復液的資訊。如果您正在懷孕或哺乳，請在使用前諮詢您的醫生或藥劑師。

警告

- 僅限外用。
- 灰甲可能引起紅斑、疼痛、水腫、疼痛、指甲變色和甲床剝離。
- 請查看成分表，以了解您是否對凝膠中的任何成分過敏。
- 避免接觸眼睛或黏膜。
- 請勿用於開放性傷口或受損皮膚。
- 請勿包紮過緊。
- 請勿對使用部位進行熱敷。
- 孕婦或哺乳期婦女在使用灰甲治療前應諮詢醫療保健專業人員。
- 若您出現過敏反應，請停止使用本產品。
- 請將本品放在兒童不能接觸的地方。

內含：1 支 FungeX 灰甲修復液(5 毫升)

成分：乳酸乙酯、乳酸、甘油、丙二醇、角鯊烷

NAIL FUNGUS BRUSH

FUNGEX NAIL FUNGUS BRUSH

- Scientifically proven effective in fighting/treating nail fungus
- Prevents spread of the infection and helps to prevent re-infection

General advice: Before using FungeX Nail Fungus Brush, read the instructions carefully, even if you have used this medical device before. The information contained in a new pack may have been revised in order to reflect the latest scientific insights and data. Nevertheless, you should use FungeX Nail Fungus Brush with care in order to obtain good results. Keep these instructions – you may need to refer to them during treatment.

Application: FungeX Nail Fungus Brush is a medical device that helps in the treatment of fungal nails (onychomycosis). FungeX Nail Fungus Brush has been proven to be effective against fungal nail infections. The unique formula contains ingredients that penetrate the surface of the nail. The liquid forms a layer on the nail, creating an environment that is unfavourable to fungi growth and acting as a physical barrier to prevent the spread of moulds. If treatment is stopped, the fungal nail will return more quickly. It is therefore important to continue using FungeX Nail Fungus Brush until the fungal nail has gone.

As damp environments are one of the causes of fungal nail infections, it is strongly recommended that you wear socks made only of absorbent materials, such as cotton or wool. This is important, as moulds are commonly found in moist environments, where they can multiply. If you have a fungal nail, it is important that you keep your feet dry.

Dosage and use (for adults only): FungeX Nail Fungus Brush is for external use only. Apply the product to the affected area twice (mornings and evenings, for instance) until the fungal nail has fully grown out. Thanks to the formulation, the applicator brush does not become infected with the fungi, preventing infection/reinfection of the other nails and protecting against any return of the moulds. FungeX Nail Fungus Brush can be combined with the use of oral antimycotics.

Mode of action: Thanks to a unique combination of ingredients, FungeX Nail Fungus Brush forms a layer, which creates an unfavourable environment for the growth of fungi in the nail plate. It also forms a physical barrier that inhibits the spread of moulds. FungeX Nail Fungus Brush reduces the nail's acidity, creating an unfavourable environment that stops the growth and spread of fungi.

Use during pregnancy and/or breastfeeding: No information is available regarding the use of FungeX Nail Fungus Brush during pregnancy or the breastfeeding phase. If you are pregnant or breastfeeding, consult your doctor or pharmacist before using.

⚠ WARNINGS

- For external use only.
- Fungal nail might cause erythema, irritation, edema, pain, nail discoloration and onycholysis.
- Check the list of ingredients to know if you are allergic to any of the ingredients contained in the gel.
- Avoid contact with eyes or mucous membranes.
- Do not apply to open wounds or damaged skin.
- Do not bandage tightly.
- Do not apply heat to the area of application.
- Pregnant or breastfeeding patients should seek advice of health professional before using Fungal nail.
- If you experience allergic reactions, stop using the product.
- Keep out of reach of young children.
